

Visual Information Management System

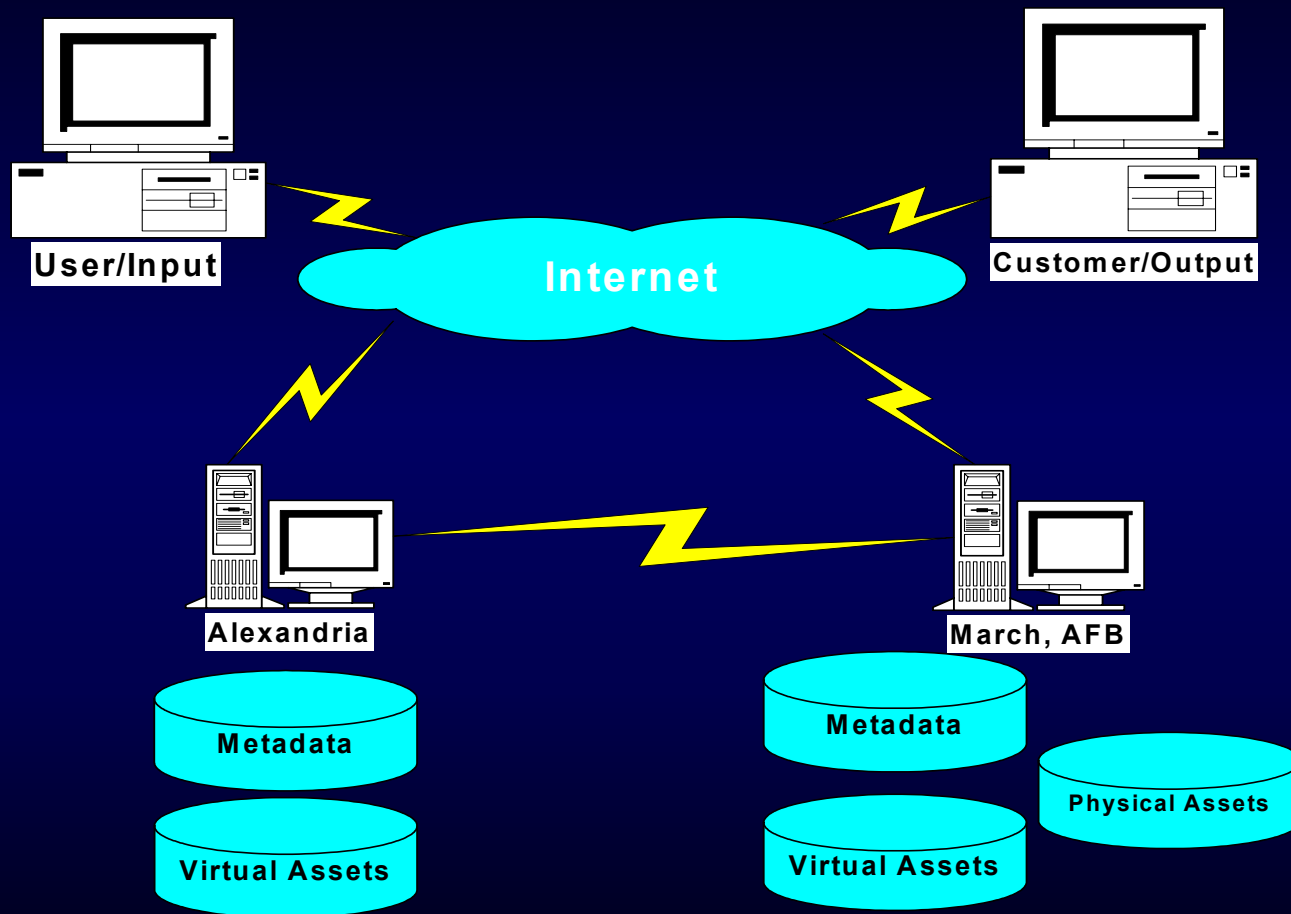

What are our goals?

- Handle multiple media types
- Streamline workflow
- Utilize “State-of-the-Art” technologies
- Expand customer base for DoD multimedia assets
- Support lifecycle management
- “One Stop Shopping”

Who is VIMS for ?

- DoD Visual Information Infrastructure:
 - Joint Combat Camera Center (JCCC)
 - Defense Visual Information Center (DVIC)
 - Joint Visual Information Service Distribution Activity (JVISDA)
- Component Accessioning Points (CAP)
- Combat Camera (COMCAM)
- Service VI Activities (approx. 700)
- Other Federal VI Activities

Proposed DoD-wide Deployment

Value To Stakeholders

- Integrate field activities into process
- Eliminate duplication of efforts across services and Joint Combat Camera Center
- Ability to establish user specific processes that integrate with other VI facilities

VIMS Acquisition

- ENCORE GWAC (Government Wide Acquisition Contract) open to all government agencies, managed by DISA
- Contract for government IT projects
- Timeline—VIMS deployment complete FY04 2Q
